Effective Date: March 17, 2010

WATER SYSTEM TAMPERING TARIFF

PURPOSE

The purpose of this tariff is to enable Wickenburg Ranch Water, LLC ("Company") to promote the conservation of groundwater by enabling the Company, pursuant to A.R.S. 40-492 et al., to bring an action for damages or to enjoin any activity against a person who tampers with the water system.

WATER SYSTEM TAMPERING MEASURES

In accordance with the Arizona Corporation Commission ("ACC") Decision No. 71501, the Company is required to adopt and implement water conservation measures described in the paragraph above. In support of the Company's water conservation goals and the ACC decision, pursuant to A.R.S. 40-492 et al., the Company may bring an action for damages or to enjoin any activity against a person who: (1) makes a connection or reconnection with property owned or used by the Company to provide utility service without the Company's authorization or consent; (2) prevents a Company meter or other device used to determine the charge for utility services from accurately performing its measuring function; (3) tampers with property owned or used by the Company; or (4) uses or receives the Company's services without the authorization or consent of the Company and knows or has reason to know of the unlawful diversion, tampering or connection. If the Company's action is successful, the Company may recover as damages three times the amount of actual damages.

REQUIREMENT

The requirements of this tariff are governed by the ACC rules and the Arizona Department of Water Resources' Required Public Education Program and Best Management Practices in the Modified Non-Per Capita Conservation Program from the May 2008 Modifications to Chapter 5, Municipal Conservation Program, Third Management Plan, Appendix 5-N, Water Conservation Measures.

The Company shall provide to its customers a complete copy of this tariff and will implement the measures stated above.
